

The EC type-approved Swift retail scale offers simple, fast weighing and price computing, making it ideal for use in shops whose pricing where price is based on weight. Suitable for use in many regions, Swift features multiple currency capability and can output data in different languages. Swift efficiently stores up to 161 prices for speedy recall with a few key strokes. An excellent choice for catering or deli use, Swift displays weight, unit price and total on the backlit LCD. The rear display can be mounted either on a pillar or back of the scale, allowing shoppers to simultaneously view and verify quantity and price.

Simple and stylish for fast price computing in a retail setting
